Local allowance — P.W.D and K.R.S works

App. F. III—2]

General and Revenue Secretariat

File No. S+A 176 of 193 /.

Serial No.	
19	Letter no 10785 D/1.2.1932 from the Chief Engineer of Mysore forwarding a list of Nongazetted Officers who are in receipt of Local allowances.
	Letter no 1548 kss 5293 D/29.3.1932 from the Secretary K.R.S works forwarding a Statement of non gazetted officers in receipt of Local allowances.
	1) Submitted. These Statements of Local allowances were called for to consider the question of Continuing them to the non gazetted Subordinates; kindly refer to the Financial Secretary's remarks against para 15 of the notes in S+A file 176-31-3 etc. placed below containing flags G to H.
	2) The list received from the P.W. Secretariat includes other allowances also besides the Local allowance. Whether it is necessary to obtain or prepare a separate list of Local allowances only is for orders.
	3) The point for consideration is, the Local or duty allow-

NOTE—Contn Sheet.

attached at 20% pay granted to the Gazetted Officers of the P.W.D and ~~the C.E.~~ the K.R.S works having been abolished whether similar allowance granted to non-gazetted Subordinates need be continued.

The allowance to the Irwin Canal Staff was Sanctioned in G.O. no 37.43 R.S.S. 169.175 D/11.7.1927. Kind reference is invited to para 5 of the K.R.S Secretary's note D 28.6.1927 in the file for the reasons for granting the allowance. The reasons are that the establishment has to stay in out of the way places and have to do work of a very arduous nature and also that the Staff is entrusted with the ~~Do~~ direct execution of works.

The allowances to the Staff Stationed at K.R.S works ~~are~~ were Continued at 20% of salary and the Staff was exempted from the operation of the general order of 27th October 1926 regularising the Special Localities allowances, vide Go.no 326-8 R.S.S 1635-38 D/19.10.1927 (Flag F). The reasons

Serial No.

for the grant of this Concession are the same as above. For the K.R.S. Secretary's opinion kindly refer to para 15 of the notes in S+A file no 176-31-3 etc.

6) The allowances in the P.W.D have been sanctioned for reasons more or less similar to those mentioned above.

M 110 / 2.4.32 / 2/4

Ful decy) stor 5/4

7) There should be uniformity of treatment as regards the officials in the general P.W.D and them in K. Sagara Works

8) Following the orders already issued in consultation with the C.E. K.R.S works, a draft order dealing with all the allowances in the lists furnished to us may be put up.

17.4.32

9) Respectfully Submitted. In the Govt orders issued in respect of the allowances of Non gazetted Officers of the K.R.S. Works this question of the 20% local or duty allowance has not been referred to or dealt with. In that file this question was reserved for Separate Consideration vide item no 5 and para 14 of the notes in the file.

NOTE—Contn. Sheet.

WD 02553—GPB—50,000—8 7 30

Whether these allowances (local or duty at 20% pay) should or should not continue in the case of non-gazetted staff has to be decided first on this file. Re. this, the opinion of the Chief Engineer KRS is that they may be continued in view of the Salary cut. He has also stated that the Conveyance allowance granted to the Subordinates may be reduced by 20% (under the Economy orders) if the local allowances are continued. So if his view is accepted, the Conveyance allowance of the Sub-overseers and Surveyors which is now ordered to be exempt from 20% reduction has to be subjected to cut and local allowances continued.

The Public Works Chief Engineer has not so far furnished his opinion on this general question of the continuance of the local or duty allowance at 20% of pay and his opinion may perhaps be obtained now.

	12) Submitted with a draft letter which follows the direction contained in the marginal remarks against para 15 in S+A file no 76-31-34
	19.5.32
	13) Let us make specific proposals and ask for C.S's opinion on them.
	14) Submitted. On principle the specific proposal could be to do away with such allowances in the cases of non gazetted staff also, the allowances of the same nature having been abolished in the case of gazetted officers. Even As a matter of fact the principle has been accepted in the case of non gazetted officers also and the local allowance of Rs 50/- each of the 2 Sub Engineers attached to the New Bangalore Water Works Division has been abolished on the recommendation of the Retrenchment Committee. As such it cannot be continued to the Sub Engineers in other places or to the rest of the

General and Revenue Secretariat — File No. 176 2627 Fl of 1931

Serial No.

(26) This matter requires to be referred to the Administrative Depts Concerned as it can not be Settled by Consideration in the Finance Dept alone - The principle has been accepted that ordinarily officers of the P.Works and allied Depts Can not be allowed additional remuneration by way of local or duty allowances on the ground of their being employed on special works or in out of the way places. It is necessary to apply this principle to non-gazetted officers as it has already been done in the case of gazetted officers. If there are any Cases of non-gazetted officers in which some concession is called for, they may be treated as exceptions but it is not right to give special allowances to all non-gazetted officers when similar allowances have been withdrawn from almost all gazetted officers and also from the non-gazetted officers of other Depts eg. Railways. We may obtain the views of the Depts concerned and then deal with this question finally in the Finance Dept

31) Returned, with compliments.-

32) 2. At present local allowances are paid to the non-gazetted establishment at Hulikere and Krishnarajasagara where Capital Works are going on. The local or duty allowances were ~~fixed~~ first sanctioned to the staff employed on the Krishnarajasagara Dam and Irwin Canal Works, mainly because of the unhealthy conditions prevalent in the locality and the arduous nature of the work involved, in addition to the costliness of the place. Such allowances were paid previously whenever works were carried out departmentally. The establishment so employed has to stay in out of the way places and do work of a very arduous nature. The small amount spent on allowances is more than made up indirectly by the savings under execution. The same remarks apply to the Survey and Gauging -- establishment who have to work in out of the way places where they cannot set up their families. In spite of the above facts, the Gazetted Officers were deprived of the allowances owing to financial stringency; but the same principle may not, it is strongly pleaded, be extended to the Non-Gazetted Officers ~~are~~ also as long as the Capital Works are in progress.

33) 3. As regards Krishnarajasagara, I am sorry I have to differ from the Financial Secretary's view that the works at Krishnarajasagara are standardised and consequently less strenuous, and that

K.R.Sagara

NOTE—Contn. sheet.

WD 2032 GPB—1,000—11-4-27

Krishnarajasagara has got all conveniences owing to the nearness of Mysore. On the other hand, the place has become more unhealthy owing to the nearness of vast expanse of water which is likely to become worse still, when the full storage is reached. Krishnarajasagara is situated in an out of the way place. The nearness to Mysore has only tended to make it costlier as all materials have to be imported at a heavy cost. Even the Railway Station is 3 miles off. The departmental system of work is still continuing at Krishnarajasagara, and hence the work of the staff is not in any way minimised or standardised.

34) 4. With regard to No. IV Tunnel Division, - Hulikere, this Division is in entire charge of Cauvery Branch works executed departmentally, and the Division will be abolished immediately the works are completed. Till then the allowances now drawn by the Non-Gazetted Officers will have to continue as the Staff live in out of the way places and are engaged on the Departmental System of works.

35) 5. In conclusion, I wish to emphasis the fact that the local and duty allowances should have been continued in the case of Gazetted Officers also, - but for the acute financial stringency. This may not be made a precedent to abolish the allowances now drawn by the Non-Gazetted Officers at Krishnarajasagara and Hulikere and those employed on Gaugings and Surveys. I would, therefore, be strongly inclined to state that the rates of allowances now drawn by the Non-Gazetted Officers in the Krishnarajasagara Circle may be left as they are for a year or two - more, after which the question may be re-

re-examined.

S. Srinivasa Aiyar
Secretary to Government,
Krishnarajasagara Works.

Government of His Highness the Maharaja of Mysore.

KRISHNARAJASAGARA WORKS.

G. O. No. 37-43—K. S. S. 169-175, dated 11th July 1927.

Establishment.

Sanctions the —— required for the High Level Canal Project.

READ—

(1) Government Order No. P. W. 15-24—K. S. S. 95-104, dated 7th July 1927, sanctioning the Krishnarajasagara north bank High Level Canal Project.

(2) Note No. D. 390—K. S. S. dated the 23rd June 1927, by the Secretary to Government, Krishnarajasagara Works, submitting proposals for the establishment required for the execution of the works.

ORDER No. 37-43—K. S. S. 169-175, DATED 11TH JULY 1927.

In accordance with orders issued in the Government Order read above, sanctioning the High Level Canal Project, proposals are submitted for the formation of the Executive Divisions required for the execution of the Project and for strengthening the office of the Special Officer, Krishnarajasagara Works. Statement A shows the establishment for the Executive Divisions required and statement B the establishment proposed for the office of the Special Officer.

2. Government are pleased to sanction the proposals referred to above as detailed in statements A and B. The staff herein sanctioned will not be entertained all at once, but only gradually as the work proceeds. If any reductions are found possible during execution, the number of hands will be kept at the minimum possible.

3. Government also direct that the appellation 'Special Officer and Secretary to Government, Krishnarajasagara Works, be changed to " Chief Engineer and Secretary to Government, Krishnarajasagara Works " as the term 'Special Officer' is giving rise to mistakes and misapprehensions now and then.

4. Efficient arrangements for the accounts work of the Project are necessary. Separate proposals may be submitted in this behalf in consultation with the Comptroller. The appointments of the Accounts establishment proposed for the Divisions should also be made in consultation with the Comptroller.

KRISHNARAJASAGARA WORKS.

G. O. No. P. W. 15-24—K. S. S. 95-104, dated 7th July 1927.

High Level Canal.

Sanctioning project for a —— from the Krishnarajasagara or Cauvery Reservoir.

READ—

(1) Government Order No. 115-126—K. S. S. 723-34, dated 1st September 1924, reviewing and passing orders on the report of the Special Committee of 1921 in which the following recommendations regarding the north bank High Level Canal Scheme are made—

"The north bank High Level Canal is the only scheme that can be recommended for development of irrigation on an extensive scale below the reservoir in the tracts of country liable to chronic drought. In view of the remunerative nature of the undertaking, of the immense benefits to the raiyats and the general economic development of the State resulting from the proposed extension of irrigation in the tracts which are badly in need of the Canal, the Committee are strongly of opinion that the High Level Canal Scheme should be taken up as early as possible....."

(2) Government Order No. 411-421—K. S. S. 2565-75, dated 13th May 1924, sanctioning an estimate for a comprehensive investigation of projects in the Cauvery Valley for irrigating the area provided in the Agreement of 1924 with Madras.

(3) Government Order No. 328-335—K. S. S. 1226-34, dated 23rd December 1925, sanctioning, in accordance with the recommendations of the Expert Committee with Sir Frederick St. John Gebbie as Chairman, a revised estimate amounting to Rs. 221·80 lakhs for completing the Krishnarajasagara reservoir dam works in all respects except in regard to the fixing of automatic shutters, construction of parapet walls and final settlement of compensation.

(4) Letter No. 281-82—K. S. S. 1499-500, dated 16th December 1926, from the Secretary to Government, Krishnarajasagara Works, sanctioning the construction of parapet walls also on a supplemental estimate.

(5) Government Order No. 27-34—K. S. S. 94-101, dated 9th July 1926, appointing a Committee with Sir M. Visvesvaraya as Chairman for advising Government as to the measures necessary for development of irrigation under the reservoir and particularly as to the scope of the scheme to be sanctioned with a programme for grants and execution.

(6) Letter No. A, dated 22nd May 1927, from the Secretary, Krishnarajasagara Committee, submitting the report of the Committee appointed in G. O. No. 27-34—K. S. S. 94-101, dated the 9th July 1926 (printed as an accompaniment).

(7) Note No. D. 708—K. S. S. dated 30th May 1927, from the Secretary to Government, Krishnarajasagara Works, submitting the report of the Committee and the High Level Canal Project approved by them.

ORDER No. P. W. 15-24—K. S. S. 95-104, DATED 7TH JULY 1927.

The Krishnarajasagara Project was started in 1911 as a combined power and irrigation scheme. While power generation has more than reached the full development originally contemplated, no steps have yet been taken for the development of irrigation except by the opening of the two low level canals taking off direct from the

reservoir, which irrigate only about 5,000 acres and which were constructed for the purpose of settling the expropriated raiyats. The masonry of the main dam has been raised to the full height contemplated ; the storage is now at R. L. 106 feet ; and only the fixing of automatic shutters, which to raise the storage to R. L. 124·00, is now required to secure the full supply needed for irrigating an area of 125,000 acres under the reservoir.

2. Measures for utilizing the water lying unused in the reservoir for the development of irrigation have been under the active cansideration of Government for some time past, and a Special Committee was constituted in July 1926 to advise the Government with regard to the schemes and measures to be adopted, and the grants needed for the development of irrigation. The Committee have now submitted a full report approving of the construction of the north bank High Level Canal Project.

3. The following are the main features of the High Level Canal Project, which they recommend:—

The Canal is in three sections—

(1) The first and second sections traverse broken country and the Canal has to cross the Hulikere Karighatta range of hills by means of a tunnel. The third section lies in the Shimsha valley between the Karighatta range of hills, the Cauvery and the Shimsha rivers.

(2) The Canal traces in the third section command a tract of country comprising nearly 300,000 acres in the Taluks of Mandya, Malvally and T-Narsipur, with numerous tanks scattered over the area, but nevertheless subject to chronic drought.

(3) The Canal with the tributaries necessary for irrigating 120,000 acres is estimated to cost Rs. 222 lakhs, and the detailed estimates for the first and second sections, *i.e.*, up to the end of the tunnel, amount to Rs. 120·27 lakhs.

(4) The area marked out for irrigation contains 180,000 acres of culturable land. Of this, one-third or 60,000 acres, is proposed to be left dry on grounds of health. The remaining 120,000 acres are to be irrigated on a triennial system of crop rotation, 40,000 acres being placed under sugar-cane, 40,000 acres under rice and 40,000 acres under garden crops.

(5) The Committee explain that by this arrangement the gross value of the produce is expected to be as under—

		Rs.	
(*a*) 40,000 acres of sugar-cane at Rs. 500 per acre	..	200	lakhs.
(*b*) 40,000 acres of rice at Rs. 80 per acre	..	32	,,
(*c*) 40,000 acres of garden crops at Rs. 50 per acre	..	20	,,
Total	..	252	lakhs.

If the irrigation were confined to crops of rice, the total value of the produce at Rs 80 per acre would be only about Rs. 96 lakhs. By growing crops of high value on a proper system of rotation it is calculated that the value of the gross produce can be increased to about 2½ times that possible under the ordinary methods of irrigation.

(6) The combined irrigation and power scheme known as the Krishnarajasagara Scheme, which is at present yielding a return of 4 to 6 per cent, is expected to give a return of 7·65 per cent eventually, when both power and irrigation are fully developed including the outlay on the High Level Canal.

4. The Committee lay considerable emphasis on the fact that over-irrigation is likely to develop unhealthy conditions, and that the system of triennial rotation, besides being very much more profitable to the country than the ordinary rice cultivation, is designed to prevent water-logging of the tract irrigated and the resulting unhealthiness.

No. P. W. 15-24—K. S. S. 95-104, DATED 7TH JULY 1927.

5. On the basis of the calculations above indicated the Committee make the following specific recommendations—

(1) Administrative sanction may be accorded to the entire Canal Scheme estimated to cost Rs. 222 lakhs.

(2) The detailed estimates for the first and second sections of the Canal embodied in the project, which amount to Rs. 120·27 lakhs, may be sanctioned.

(3) Sanction may also be accorded to start work from 1st July 1927, and a provision of Rs. 30 lakhs made for expenditure during 1927-28, for which detailed estimates are ready.

(4) Steps may be taken to have an Irrigation Act passed by the Legislature as early as possible.

(5) The amount required for completing the first and the second sections and such works in the third section as would be required to bring nearly 60,000 acres under irrigation will be roughly Rs. 180 lakhs.

The grants required from year to year for a five year programme may be taken as under:—

		Rs.	
1927-28	..	30	lakhs.
1928-29	..	40	„
1929-30	..	40	„
1930-31	..	40	„
1931-32	..	30	„
Total	..	180	lakhs.

By the time these works are carried out, contributions may be coming in and it should be possible to carry out the remaining works from that source.

This programme of expenditure may be provisionally approved, not perhaps as a definite commitment, but as an indication of Government policy that funds will be provided as fast as they are needed to carry the work to completion.

6. After full consideration the Government are in general agreement with the views of the Committee and are pleased to pass the following orders on the recommendations made in the Committee's report:—

(1) Administrative sanction is accorded to the estimate amounting to Rs. 222 lakhs for the High Level Canal Project.

(2) The detailed estimates for the first and second (or Tunnel) sections amounting to Rs. 120·27 lakhs are hereby sanctioned.

(3) Detailed estimates for the branches and distributaries will be sanctioned from time to time as they are submitted.

(4) The Financial Programme proposed in paragraph 30 of the Committee's report is generally approved. A provision of an initial grant of Rs. 25 lakhs is made in the budget for 1927-28 for starting the construction.

(5) The adoption of the triennial system of rotation recommended is also approved.

7. The Special Officer and Secretary to Government, Krishnarajasagara Works, should take immediate steps for starting the Canal Works. Every attempt should be made to ensure the speedy completion of the works.

8. The execution should be carried out, as recommended by the Committee in paragraph 28 of their report, generally on the basis of the working estimates, which should be submitted within six months from the commencement of the work.

9. The further details promised by the Committee in paragraph 37 of their report in regard to the system of irrigation proposed, the contribution to be recovered and the water rates to be charged, will be awaited.

No. P. W. 15-24—K. S. S. 95-104, DATED 7TH JULY 1927.

10. The Government will also await with interest the proposals for the rapid development of irrigation referred to in paragraph 32 of the Committee's report.

11. The Government desire to convey to the members of the Committee their thanks for submitting a carefully prepared report on this important question of extending irrigation in the Cauvery Valley.

GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE

FINANCIAL SECRETARIAT

No. Fl 672 S.A. 176-31-444 Dated, Bangalore, 1st August 193 2.

From

S. SHAMANNA, Esq., B. A.
Financial Secretary to the Government of His Highness the Maharaja of Mysore.

To

The Chief Engineer of Mysore,

Bangalore.

Sir,

With reference to your letter No.10785 dated 1st February 1932, forwarding a list of non-Gazetted officers of your Department in receipt of Local allowances, I am directed to state that Duty and Local allowances having been abolished in the case of certain Gazetted Officers (vide Page 6 of the Annexure to Government Order No.Fl.2320-70/S.&.A. 123-31-1 dated 2nd October 1931) it may be considered undesirable to continue similar allowances in the case of the non-gazetted staff (Executive and Ministerial) working under them and to request you to kindly furnish your opinion in the matter of discontinuing or reducing the latter. In case this is done, special locality allowance at one anna in the rupee would be allowed to the subordinate staff getting a pay not exceeding Rs.50/- and working in special localities as per Government Order No.Fl.3290-349 S.&.A.101-25-2 dated 27th October 1926.

I have the honour to be,

SIR,

Local Allowances.

With reference to correspondence ending with your office D.O.No.Fl.2281/S & A dated the 29th October 1932, I have the honour to forward herewith a statement showing the non-Gazetted officers who are in receipt of duty and local allowances.

2. My views regarding the continuance or otherwise of the allowances are furnished in the remarks column of the statement.

I have the honour to be,
Sir,
your most obedient servant,

M G Rangaiya

Chief Engineer of Mysore.

V.W.S.

List of non-Gazetted officers who are in receipt of local and duty allowances in the public Works Department.

No.	Name of work or office.	Establishment.	Remarks.
1.	Fern Hill	One Suboverseer Hill allowance of Rs 30	On account of the costliness of living on the Hills and of the fact that he has to provide himself and his family members with specially warm clothing during a major portion of the year due to very chill climate, it is necessary that the allowance should be continued permanently.
2.	Kamasamudram tank	1 Overseer and 1 Suboverseer D.A. of 20% of pay	These works are situated in an out of the way place. Besides, on account of the arduous nature of the work the allowances have to be continued. A Sub Division with an adequate establishment was originally formed for each of these works but on account of financial stringency the minimum establishment is retained abolishing the Sub Divisions from 1st July 1931.
3.	Dalavoy tank	1 Overseer and 1 Suboverseer D.A.of 20% of pay	
4.	Maralwadi tank	1 Sub Engineer and 1 Suboverseer D.A.of 20% of pay	
5.	Bhadra Anicut Range.	L.A.of 20% of pay to the staff	These works are situated in the heart of malnad. Due to the unhealthiness of the localities and the specially exacting nature of the duties, the allowances have to be continued.
6.	Anjanapur Range	do	
7.	Lakkavalli Reservoir surveys	D.A. of Rs 30 to the Overseer and of Rs 20 each to Three suboverseers.	
8.	New Bangalore Water works.	Executive and ministerial establishment(and D.A. to two clerks of Central office)	The work is situated in an out of the way place and also on account of the arduous nature of their duties which require strenuous work on all days of the week and involve longer hours of work every day, it is necessary that the allowances should be continued in the interest of economy and efficiency.
9.	Yelemallappa Chetty tank.	1 Head Driver Rs 15 2 Asst. do Rs 10 each 1 Elec:Operator Rs 15	The staff is stationed in a village about 11 miles away from Bangalore. They do not command the same comforts as are enjoyed elsewhere. The allowance is therefore necessary. This station will be retained for a temporary period of about a year or so.
10.	Chamarajendra water works	1 Elec:Operator D.A. Rs 25	This case pertains to the Chief Electrical Engineer and he may be written to.

No.	Name of work or office.	Establishment.	Remarks.
11.	Vani Vilas Water works- Belagola pumping station.	pumping staff at Belagola- L.A.at 20% of pay	These works are under the control of the Bureau of Sanitary Engineering.
12.	K.G.F.Water works	Duty allowance to Elec:Operator charge allowance to the Sub Asst. Surgeon.	
13.	Water Supply Dn.	Chief Store Keeper House rent allowance of Rs 25	Originally the Chief Store Keeper had free quarter on the premises. When he was deprived of the quarters he was given a house rent allowance. This may be reduced after the change of the present incumbent.

Bangalore,

November 1932.

Rajamanthra Rao
20/2/53
for Director.

List of non-Gazetted officers who are in receipt of local and duty allowances in the P.W.Department

No.	Name of work or office.	Establishment.	Remarks.	Latest opinion
1.	Fern Hill	One Suboverseer Hill allowance of Rs 30.	On account of the costliness of living in the Hills and of the fact that he has to provide himself and his family members with specially warm clothing during a major portion of the year due to very chill climate, it is necessary that the allowance should be continued permanently.	The allowances are necessary for the reasons already set forth and have therefore to be continued. 1. may be continued
2.	Kamasamudram tank	One Overseer and one Suboverseer. Duty allowance of 20% of pay.	These works are situated in an out-of-the way places. Besides on account of the arduous nature of the work the allowances have to be continued. A Sub Division with an adequate establishment was originally formed for each of these works but on account of financial stringency the minimum establishment is retained abolishing the Sub Divisions from 1st July 1931.	do
3.	Nidasale tank	do do		The Maralwadi Sub Dn is since revivied with an Assistant Engineer in charge thereof and 4 Subover seers and some office and watch and ward establishment with D.A. 2 & 5. may be continued
4.	Dalavoy tank	do do		
5.	Maralwadi tank	One Sub Engineer and one Suboverseer. Duty allowance of 20% of pay.		
6.	Bhadra Anicut Range	Local allowance of 20% of pay to the staff.	These works are situated in the heart of malnad. Due to unhealthiness of the localities and the specially exacting nature of the duties, the allowances have to be continued. 6. Discontinue 7&8 Continue	The allowances in the case of Bhadra Anicut Range may be withdrawn from July next. The allowances in the case of Anjanapur work may be continued. The allowances in the Lakkavalli Reservoir may be continued
7.	Anjanapur Range	do		
8.	Lakkavalli Reservoir Surveys	Duty allowance of Rs 30 to the Overseer and of Rs 20 each to 3 suboverseers		
9.	New Bangalore Water Works	Executive and ministerial establishment and duty allowances to two clerks of Central office.	The works are situated in an out-of-the way place and also on account of the arduous nature of their duties which require strenuous	The works are expected to be completed by the end of June 1933 and the D.A. will cease to be

			volve longer hours of work every day it is necessary that the allowances should be continued in the interests of economy ~~and~~ and efficiency.	drawn then. A portion of the establishment is kept on for the maintenance of the works and no D.A. ~~allowance~~ is allowed to the staff.
10.	Yelemallappa Chetty tank	One Head Driver Rs 15 Two Asst.Drivers Rs10 each One Electrical Operator Rs 15	The staff is stationed in a village about 11 miles away from Bangalore. They do not command the same comforts as are enjoyed elsewhere. The allowance is therefore necessary. This station will be retained only for a temporary period of about a year or so.	There will be only one driver at the 'Y' tank till the 30th June 1933 when the Pumping Station itself will be abandoned.
11.	Chamarajendra water works	One Electrical Operator Duty allowance Rs 25	This case pertains to the Chief Electrical Engineer and he may be written to.	Duty allowance to Electrical Operators has since been abloished.
12.	Vani Vilas Water works Belagola pumping Station	Pumping staff at Belagola Local allowance at 20% of pay	These works are under the control of the Bureau of Sanitary Engineering	-
13.	Kolar Gold Field Water works	Duty allowance to Electric Operator. Charge allowance to Sub Assistant Surgeon.		-
13.	Water Supply Division	Chief Store-keeper House rent allowance of Rs 25	Originally the Chief Store-keeper had free quarters on the premises. When he was deprived of the quarters he was given a house rent allowance. This may be reduced after the change of the present incumbent.	-

9. Discontinue from date of formation of Maintenance Office

Bangalore,

April 1933.

FINANCIAL BRANCH 261 20 JULY 1933 GENL. & REV. SECTT.

Dated, Bangalore, 18th July *1933.*

FINANCIAL BRANCH 19 JULY 1933 No.

FROM

S. SRINIVASA AIYAR, ESQ., B.A., B.E., C.E.,
Secretary to the Government of Mysore,
Krishnarajasagara Works,
BANGALORE.

To

The Financial Secretary to the Government
of His Highness the Maharaja of Mysore,
Bangalore.

Sir,

As desired in your letter No. Fl. 12/G.F., dated 1st July 1933, I have the honour to forward herewith a statement in the required form, indicating the Non-Gazetted Officers who are in receipt of local allowance in the Krishnarajasagara Circle.

2. The two enclosures received with your letter, under reply, are herewith returned.

I have the honour to be,

S i r,

Your most obedient servant,

S. Srinivasa Aiyar 18/7/33

Secretary to Government,
Krishnarajasagara Works.

V.M.S.

Statement showing the establishment who are in receipt of Local Allowance in the Krishnarajasagara Circle as it stood on 30th June 1933.

No.	Name of work & Office.	Particulars of Establishment.	Remarks and opinion.
1	Dam Construction & No. I, Irwin Canal Division (K.R.Sagara Dam Works, and Gauging & Regulation Section.)	(1) Upper & Lower Subordinates. (2) Electric Operators. (3) Office Establishment including Accounts Establishment and Medical Establishment stationed at Krishnarajasagara.	Owing to the continuance of the Capital Works, and unhealthiness of the place, the local allowance may be continued in the case of Non-Gazetted Establishment stationed at Krishnarajasagara and also the Gauging Staff who have to work in out of the way places where they cannot set up their families. A
2	No. IV, Tunnel Division, Hulikere. (Irwin Canal and Cauvery Branch Works.	(1) Upper & Lower Subordinates. (2) Electric Operator. (3) Office Establishment including Accounts Establishment, and Compunder and Midwife.	This Division is in entire charge of Cauvery Branch Works executed departmentally and the continuance of the Division is sanctioned till the end of December 1933 only. Till then, the allowances now drawn by the Non-Gazetted Staff may be continued as they live in out of the way places and are engaged on the Departmental System of work. B
3	Revenue Sub Division Officer, Mandya. Acquisition of lands for Irwin Canal Works.	(1) 2 Mojinidars, (2) 1 Acquisition Clerk.	May be continued until the acquisition of lands for Irwin Canal Works is completed. C

A, B & C
